

CharitéCentrum für Zahn-, Mund- und Kieferheilkunde  
Abteilung für Zahnärztliche Prothetik, Alterszahnmedizin und Funktionslehre

dienstags 17:00 – 17:30 Uhr im HS3

Umfang: Vorstellung des vorgegebenen Papers/Projekts als Präsentation (ca. 15 Folien),  
Leitung der anschließenden Diskussion

09.04.2019 (HS2)	PD Spies	Reliability of a two-piece zirconia implant when subjected to artificial loading and simultaneous hydrothermal aging (in preparation)
16.04.2019 (HS2)	Prof. Peroz	Leitlinie Diagnostik und Behandlung des Bruxismus
23.04.2019 (HS2)	Dr. Hannak	Reissmann, D. R., [...] Hannak, W., [...] Heydecke, G. (2019). Impact of shortened dental arch on oral health-related quality of life over a period of 10 years - A randomized controlled trial. <i>Journal of Dentistry</i> , 80, 55-62.
30.04.2019 (HS2)	Stud. Götze	Revilla-Leon, M., Fountain, J., Piedra Cascon, W., Ozcan, M., & Zandinejad, A. (2019). Workflow description of additively manufactured clear silicone indexes for injected provisional restorations: A novel technique. <i>J Esthet Restor Dent</i> . doi:10.1111/jerd.12464
07.05.2019	Dr. von Stein-Lausnitz	Fokkinga, W. A., Kreulen, C. M., Bronkhorst, E. M., & Creugers, N. H. (2007). Up to 17-year controlled clinical study on post-and-cores and covering crowns. <i>Journal of Dentistry</i> , 35(10), 778-786.
16.05.2019 (Donnerstag)	Dr. Blankenstein	Maniewicz, S., Duvernay, E., Srinivasan, M., Perneger, T., Schimmel, M., & Müller, F. (2019). Effect of implant-supported mandibular overdentures versus relines on masticatory performance and salivary flow rates in very old adults-A randomized clinical trial. <i>Clinical Oral Implants Research</i> , 30(1), 59-67.
21.05.2019	Stud. Bartsch	Gierthmuehlen, P., Rübél, A., Stampf, S., & Spitznagel, F. (2019). Effect of Reduced Material Thickness on Fatigue Behavior and Failure Load of Monolithic CAD/CAM PICN Molar Crowns. <i>Int J Prosthodont</i> , 32(1), 71-74.
28.05.2019	ZA Peroz	The accuracy of intraoral scanners depending on the measurement algorithm (in preparation)
04.06.2019	ZÄ Mewes	Micronutrients and gut microbiota contribute to human periodontitis (in preparation)
11.06.2019	Dr. Schwitalla	Osseointegration of PEEK dental implants in sheep (in preparation)
18.06.2019	ZA Adali	Biomechanical impact of crown-to-root ratio altering treatments of severely damaged teeth in the aesthetic zone – implants vs. surgical crown lengthening, forced eruption and apical surgery (in preparation)
25.06.2019	ZA Wemken	The accuracy and bending strength of conventional and CAD/CAM produced denture Basis in vitro (in preparation)
02.07.2019	Stud. Hromadnik	Accuracy of 3D-printed drill guides and its impact on the implant position – Comparison between FDM, SLA, DLP and Polyjet additive manufacturing (in preparation)
09.07.2019	Prof. Beuer	Cantner, F., Cacaci, C., Mucke, T., Randelzhofer, P., Hajto, J., & Beuer, F. (2019). Clinical performance of tooth- or implant-supported veneered zirconia single crowns: 42-month results. <i>Clinical Oral Investigations</i> . doi:10.1007/s00784-019-02878-0
